WHO ARE WE

Little Wings is a not-for-profit organisation that provides free, professional and safe flight and ground transport services for seriously ill children in rural and regional NSW, ACT & QLD. We are 90% Volunteered led organisation, with 100% of the pilots, 100% of the drivers all volunteering their time to make this incredible service available.

We strive to ease the journey and help children access specialised medical services and treatments that are only available in major cities or towns. We do everything we can to support families by easing the financial burden, emotional strain and travel fatigue that they experience due to the long-distance travel associated with receiving vital medical treatment.

WHAT WE PROPOSE

Our objective is to gather qualified drink containers that can be redeemed for a 10c refund under NSW's Return And Earn container deposit scheme. This initiative provides an excellent opportunity for the community groups, businesses and schools to participate in recycling, diminish litter and generate funds for Little Wings Australia.

HOW IT WORKS

Step 1. You kindly agree to participate in the fundraiser. Register online now.

Step 2. Little Wings provides 2 or more recycling bins on the starting launch date.

Step 3. When the bins are full, contact the local Return And Depot to collect the bottles and cans. Pick up scheduled can be organised.

Step 4. The Return And Earn Depot recycles the units and processes the donation.

Step 5. Little Wings will notify the club of the donation contribution via text or email.

Special Note: If there is not a Return And Earn Depot in your area, please take your containers to the local Return And Earn machine, download the return and earn app, select Little Wings as your charity, scan the app at the machine and start recycling.

IMPACT FAMILY STORY

INTRODUCING JESSE JONES

Flying with Little Wings since he was 6 months old, Jesse is now 5 years old and thriving.

Jesse, a Tamworth local. This family have been travelling with Little Wings long term but they recently found themselves to be frequent fliers, completing 6-missions in 6-weeks and with little reprieve ahead. Jesse was born with cystic fibrosis, a condition that affects the lungs, pancreas, liver and kidneys. Jesse has always been treated by the team at John Hunter Children's Hospital in Newcastle, but when his condition worsened over Christmas, he was transferred to Westmead Children's Hospital. This has seen an increase his time spent away from home and the frequency of medical intervention escalate to weekly... placing the entire family unit under immense pressure.

JESSE'S MUM, JO, SAID TODAY AS THEY BOARDED THE PLANE 'IN CASE I FORGOT TO TELL YOU, THANK YOU, THANK YOU, THANK YOU. LITTLE WINGS HAS BEEN AN ABSOLUTE LIFE SAVER FOR US, OVER THE LAST FEW YEARS BUT ESPECIALLY THE LAST FEW MONTHS.

One of the privileges of working at Little Wings is being part of the family journey, a small piece of their story as these families crusade for their child's health, care and happiness. So to Jo, and all the families that fly with us, thank you for letting us in and sharing the journey... the honour is ours.
